MEDIA RELEASE

14 December 2011

HAVE YOUR SAY – WHICH COMMUNITY PROJECTS DESERVE FUNDING?

Member for Marrickville Carmel Tebbutt today called on the community to have their say on how to spend \$300,000 allocated to the Marrickville Electorate under the Community Building Partnership Program 2011.

"Community organisations are the backbone of our electorate and this program is an opportunity to help them grow," Ms Tebbutt said.

In the past, Community Building Partnership grants have helped organisations such as:

- Stepping Stone to build a new counselling room and storage facilities
- Metro Migrant Resource Centre to establish community rooms
- Addison Road Centre to restore the Centre's sandstone hut
- Scouts Australia Dulwich Hill/Marrickville to upgrade the scout hall, and
- Sydney University Settlement to redevelop the building used for after school activities.

"This year there have been 32 applications from community groups in the Marrickville electorate, up from 17 in 2010.

"An assessment panel established by the Department of Premiers and Cabinet will assess the projects and their community benefits and will make the final recommendations.

"The Panel has sought my advice on the applications as the local representative.

"You can help me do this by telling me which projects you support.

"Unfortunately funds are limited and not all projects will be successful in securing a grant. That's why I want to hear from all residents about which projects they think most deserve funding.

"You can have your say by emailing Marrickville@parliament.nsw.gov.au or contacting my office on 9558 9000 by 13 January 2012."

Details are also available on my website: www.carmeltebbutt.com.au
